

# Patient Overview

## Active State

On this screen all patients are summarized. Active patients are currently subject to ongoing assessments. Inactive patients are momentarily not listed as active but can be reactivated at any time. This can be done editing patient details.

# Assessment Progress

Progress, either tentative or completed, indicates if assessments are terminated. “Completed” appears only if all assessments have been definitively completed and confirmed by the assessor by tickening the box “completed” and the end of each assessment.
