

# Assessment Overview

## Assessment Type

The assessor can choose which type of assessments will be displayed (filter function).

“Type” indicates the type of assessment performed.

### Assessment overview

<input type="checkbox"/> Show WHO <input type="checkbox"/> Show BSMS <input checked="" type="checkbox"/> Show GVHD <span>Filter</span>					
Date	Type	PLT	Result	Progress	<a href="#">i</a>
2016-03-14	aGVHD follow-up		pending	Tentative	<a href="#">Details</a>
2016-03-14	GVHD organ scoring		Moderate chronic GVHD	Completed	<a href="#">Details</a>
2016-03-14	GVHD new diagnosis		classic cGVHD	Completed	<a href="#">Details</a>
GVHD Assessments					

## Platelets and Assessment Score

“PLT” shows number of platelets in G/L the day of the assessment.

“Result” shows score results. If assessments are not completed the result is pending. In this case, the assessment can be resumed and terminated at any time.

### Assessment overview

<input checked="" type="checkbox"/> Show WHO <input checked="" type="checkbox"/> Show BSMS <input checked="" type="checkbox"/> Show GVHD					
Date	Type	PLT	Result	Progress	<a href="#">i</a>
2016-03-18	Bleeding BSMS	22	0	Completed	<a href="#">Details</a>
2016-03-18	Bleeding WHO	22	0	Completed	<a href="#">Details</a>
2016-03-17	Bleeding BSMS	27	0	Completed	<a href="#">Details</a>
2016-03-17	Bleeding WHO	27	0	Completed	<a href="#">Details</a>
2016-03-16	Bleeding Features	9	No Bleeding present	Completed	<a href="#">Details</a>
2016-03-16	Bleeding BSMS	9	0	Completed	<a href="#">Details</a>

If the assessor evaluates a patient without performing a systematic scoring (either bleeding or GVHD) the result will be “Bleeding/No bleeding present” and/or “GVHD/No GVHD present”.

# Assessment Progress

“Progress”, either “tentative” or “completed”, indicates if assessments are terminated. Not completed assessments can be resumed and terminated at any time.
